2 The Company operates in a single operating segment 'printed circuit board". Hence there is no separate reportable segment as per Ind AS 108 "Operating Segments.

3 The above audited results for the quarter ended 30th June 2020 have been reviewed by the Audit Committee and approved by the Board of Directors at their respective meetings held on 14th August, 2020.

4 The figures for quarter ended 31st March 2020 are balancing figures between the audited figures of the full financial year and the reviewed year-to-date figures up to the third quarter of the financial year.

5 The Company has considered the possible effects that may result from the Covid 19 pandemic on the carrying amounts of property, plant and equipment, investments, inventories, receivables and other current assets. In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the management, as at the date of approval of these financial results, has used internal and external sources on the expected future performance of the Company. The management has performed sensitivity analysis on the assumptions used and based on current indicators of future economic conditions, expects that the carrying amount of these assets will be recovered and sufficient liquidity is available to fund the business operations for at least another 12 months. Given the uncertainties of the pandemic, the final impact on the Company's assets in future may differ from that estimated as at the date of approval of these financial results, and the Company will continue to closely monitor any material changes to future economic conditions.

6 The certificate obtained from the Managing Director and CFO in respect of above results in terms of Regulation 33 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 has been placed before Board of Directors.
